RVK was founded in 1985 to focus exclusively on investment consulting and today employs over 100 professionals. The firm is headquartered in Portland, Oregon, with regional offices in Boise, Chicago, and New York City. RVK is one of the ten largest consulting firms in the US (as defined by Pension & Investments) and received noteworthy awards in 2018 and 2019, as it was named a Quality Leader among large US consultants by independent research firm, Greenwich Associates. RVK is the only investment consulting firm to have received an award for two consecutive years¹. RVK's diversified client base of over 190 clients covers 30 states and includes endowments, foundations, corporate and public defined benefit and contribution plans, Taft-Hartley plans, and high-net-worth individuals and families. The firm is independent, employee-owned, and derives 100% of its revenues from investment consulting services.

¹ Between July and October 2018, Greenwich Associates conducted interviews with 1,128 senior professionals at 924 of the largest tax-exempt funds in the US—including corporate and union funds, public funds, endowments and foundations, insurance general accounts, and healthcare organizations—with either pension or investment pool assets greater than \$150 million. Study participants were asked to provide quantitative and qualitative evaluations of their asset managers and investment consultants, including qualitative assessments of those firms soliciting their business and detailed information on important market trends. RVK is one of three firms recognized in the large investment consultant category. The ratings may not be representative of any one client's experience with RVK; rather, they are representative of those clients that chose to participate in the survey. The results are not indicative of RVK's future performance. For more information, and to read the Greenwich article, please refer to the following URL: <https://www.rvkinc.com/about/about.php>.
